Tiny Tots Nursery, Prestatyn

Forty years of caring for children and babies

TINY Tots nursery in Prestatyn has been providing quality care to children and babies of all ages for more than 40 years.

Owner and manager, Tina Jones, opened Tiny Tots in October 1972, and it operates on two levels, enabling the nursery to provide services which include a superb self-contained baby unit, toddler areas and preschool play areas which ensures Tiny Tots can provide a greater variety of activities, along with a wealth of opportunities and experiences.

The nursery is registered under the Children's Act 1989 with the Care and Social

Services Inspectorate Wales (CSSIW) to take young babies and children up until statutory school age on a full or part time basis.

Tiny Tots has been awarded the National Day Nurseries Association's e-Quality Counts Level Three award for achieving exemplary practice.

The national quality scheme is designed to help a nursery explore all aspects of its care and education to ensure that it is delivering the best possible service for young children.

Tina said: "This is the highest quality award achievable specifically for day nurseries and reaching this point is a culmination of much hard work from my

amazing nursery team."

Purnima Tanuku, chief executive of NDNA, said: "Tiny Tots should be very proud of this achievement as the e-Quality Counts scheme demonstrates that children are at the heart of what they do."

Tiny Tots has an Out of School unit providing a high standard of care to children from a variety of local schools.

The aim of the nursery is to provide a happy, safe and caring environment for young children to develop, helping them to progress confidently towards entering mainstream school.

A vast majority of its qualified and experienced team have been employed by Tiny Tots for
